Subject: FW: Questions on new wells.

Andy,

Here's the answers to your questions.
These are all 3 new wells

New Well	Old Well
G-191531	G-061528
G-193159	G-007419
G-191789	G-114728

We do not have any board minutes. Colt can get you the variances that were ran for placement of these wells.

Have a good day!!

Subject: Questions on new wells.

Hi Alex,

The wells below were marked as new wells in the Registered well database. Were they replacing other wells or a transfer of some sort? We will need to submit some sort of documentation, like board minutes, with the 2021 registered wells list to the RRCA. Please let me know if you have any documentation on these.

G-191531 – Paul J & Sarah E Hoyt

G-193159 – Dale M & Codi N O'Brien

G-191789 – Eldon & Delores Moore Rev Liv Trusts

Thanks,

Andy Pedley
